

## Power Bank 20000mAh Quick Charge 3.0 & USB-C™

**Part Number:** 49574

**Warranty:** 2 Year Limited Warranty

### Description:

- Quick charge 3.0 compatible power bank with three charging ports – charge devices simultaneously.
- Charges smartphone & tablet devices.
- 2 x USB-A QC 3.0 & 1 x USB-C™ PD outputs for charging multiple devices.
- USB-C™ PD input.
- Ultra high capacity.
- USB-A to USB-C™ Cable.
- Pre-charged & ready to use

- **Product Weight:** 480 grams (approx)
- **Product Dimensions:** 167mm (L) x 55.5mm (W) x 29mm (D)
- **Pack Weight:** 540 grams (approx)
- **Pack Dimensions:** 190mm (H) x 100mm (W) x 33mm (D)
- **Carton Qty:** Outer of 20, Inner of 10
- **Carton Dimensions:** 354mm x 230mm x 222mm
- **Layers Per Pallet:** 5
- **Cartons / layer:** 12
- **Units / Pallet:** 1200

### Languages:

Front of pack: English (Product description also in French on the back)

Back of pack: English, French, German, Italian, Spanish, Portuguese, Polish, Russian, Czech, Hungarian, Slovakian & Croatian.

### Specifications:

20000mAh Lithium-ion

Input (USB-C™ PD): 5V 3A, 9V 2A

Output (2x USB-A QC 3.0): 5V 3A, 9V 2A, 12V 1.5A

Output (USB-C™ PD): 5V 3A, 9V 2A, 12V 1.5A

Battery Capacity: 20000mAh

### Pack Contents:

1 x 20000mAh Power Bank Quick Charge 3.0 & USB-C™

1 x USB-A to USB-C™ Cable

1 x Quick Start Guide

**Quick Charge 3.0** is a new technology which allows high levels of current flow to the battery, charging faster. Both the device & the charger must be compatible with the same voltages & currents to work in the most efficient way. However it is possible to charge an older device with a QC 3.0 charger, but it will charge at a voltage limited by the device itself.

**USB-C™ PD** is a USB-C port that supports another fast charging technology called Power Delivery. Like QC 3.0, Power Delivery (PD) allows devices to charge quickly over the USB-C connection. PD starts at the 5V setting & can vary up to 20V depending on the requirements of the device it is charging. Interestingly, if two phones that support PD are connected with a USB-C charging cable, one device could charge the other, with no additional power supply needed!
